

# Integrated Control

## Integrated Control Panel

Let Farr supply you with a complete dust collector system by pre-engineering the control package.

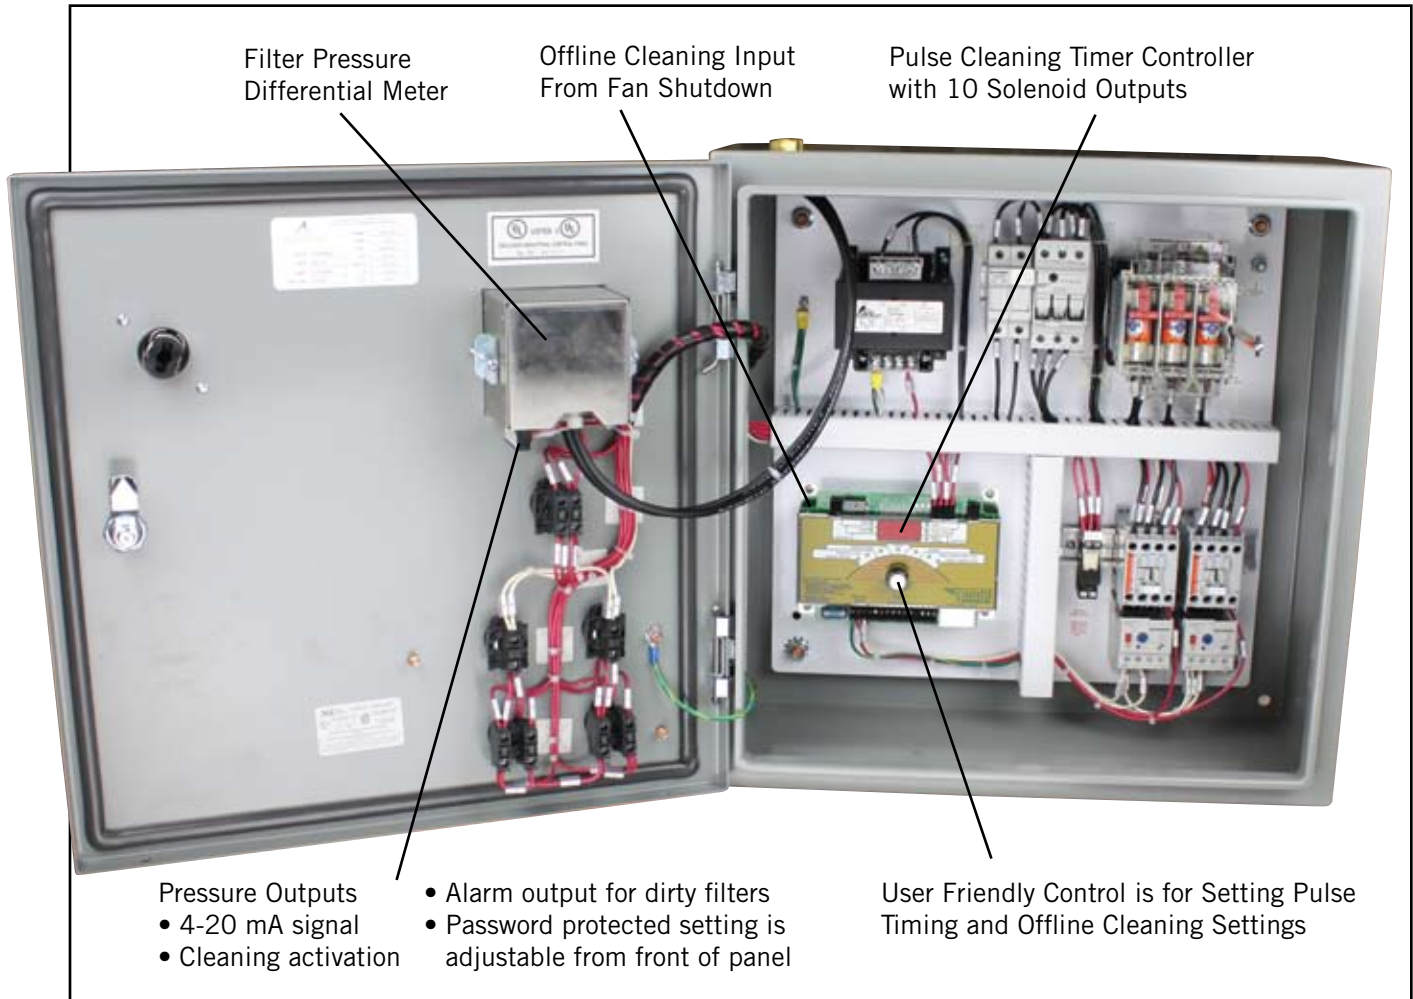

### Complete system controls:

- Pulse cleaning controls
- Dirty filter pressure monitoring with digital display & alarms
- Motor starter with fuses & main disconnect
- Start stop buttons
- Blower running lights
- NEMA 4 standard

SAFE AIR FOR A SAFE WORK ENVIRONMENT	

# Specifications

## Standard Features & Benefits

- All voltages available:  
230V/460V  
208V  
575V
- Fan HP from 1HP to 200HP
- 50Hz & 60Hz frequency
- NEMA 4X enclosure, NEMA 7/9 available
- MOD/BUS communication protocols available

- Clear, permanent user instructions right on the box
- Controls pulsing based on filter pressure differential so filters get cleaned only when needed, saving compressed air (energy) and extend filter life
- UL tested and listed
- CE tested and listed
- 110/220V, 50/60Hz, 1 phase power required
- **External Outputs:** High pressure alarm and 4-20 mAmp signal for liner pressure readout.

**Optional items:** Variable frequency drive for precise fan control  
Airflow meter  
Alarm inputs for level probe  
Airlock & screw conveyor controls
